## Disable date/time and recording?

Posted by KarStav - 2007/04/05 10:22

---

Hi,

Could you please tell if it is possible not to have the time and date for every clip?  
Also can you disable clip recording for a moment without closing the application?

Thanks,

Karen

Stamp and Sleep Functions in Kornitop

See the tick boxes on the Top menu bar

The date Stamp can be disabled by unticking the Stamp box at the top of the application GUI.

Recording will be disabled when the Sleep box is ticked in.

Regards,
